

**SAVE YOUR LABOR**

# WHO IS EZSHINE

Ezshin originates from Ezshin Ezshine focuses on floor cleaning and maintenance market area.

Established in 1993, Ezshin is committed to diamond grinding & polishing technology. Collaborated with Dalian University, Sunan University, Central South University and Huazhong University, Ezshin R&D team has registered 44 patents, including 41 certificates of registration issued by SIPC.

In 2005, diamond particles were placed for the first time on non-woven floor pads to be used on concrete dry polishing. In 2008, the diamond impregnated floor pads were invented for dry scrubbing concrete floor.

In order to meet the need for saving labor on floor cleaning and maintenance, a special diamond pads were invented with Tough-Free Polycrystal diamond technology. In 2008, this technology provides much higher efficiency for light, medium, heavy-duty stripping, deep-cleaning and polishing.

After 15 years continuous testing on so many different floor, Ezshin was awarded in 2008 to provide a diamond-free diamond clean solution to help the customers to achieve a diamond-free floor with water only.

## **Ezshin Mission**

Strive for efficient and sustainable development of floor cleaning industry by diamond clean solution.

## **Ezshin Vision**

Lead the development of diamond cleaning technology, to be environmental trend in the floor maintenance industry.

# WHY EZSHINE

1. **Build long-term Partnership:**  
Provide total solutions for different kinds of floor.  
Enhance your strengths in the market competition.
2. **Innovative R&D:**  
Save your labor by Ezshin Tough-Free Polycrystal diamond technology.
3. **Well-trained QC Teams:**  
Ensure consistent quality.
4. **Committed to Diamond Pads:**  
For floor cleaning and maintenance.

# STANDARD KIT

### Exline Red 18

Part No. E274 (7-20420000)

Application: Strip-Cleaning

### Exline White 26

Part No. E275 (7-20420000)

Application: Restoring, Polishing, Stripping

### Exline Yellow 34

Part No. E276 (7-20420000)

Application: Polishing, Stripping

### Exline Green 48

Part No. E277 (7-20420000)

Application: Strip-Cleaning, Polishing, Stripping

## SPECIFICATION

Shape	Round / Sheet	All Shapes Available
Round Size	1' / 300mm - 27" / 680mm	All Sizes Available
Sheet Size	500*250mm - 2500*1400mm	All Sizes Available

# HIGH PERFORMANCE KIT

Efficient high performance retail grade kit is available for all floors. With water only, you can achieve the even wet-look for cleaning or polishing the floors, as a kit of 4 separate steps.

### ESlime Red 3R

Item No. ESF18 D-004018 (20)

Application: Clear-Cleaning

### ESlime Orange 3R

Item No. ESF19 D-004019 (20)

Application: Scrubbing, Polishing

### ESlime Blue 3R

Item No. ESF18 D-004018 (20)

Application: Polishing

### ESlime Pink 4R

Item No. ESF20 D-004020 (20)

Application: Dry-Cleaning, Polishing

## SPECIFICATION

Shape	Round / Sheet	All Shapes Available
Round Size	8" / 215mm - 27" / 685mm	All Sizes Available
Sheet Size	300*300mm - 2250*1425mm	All Sizes Available

# EZSTRIP PAD

A diamond-free, odor-free, long-life pad for your PVC, urea, urethane, polyurethane, fiberglass and GRG floor.

Contains no extreme, volatile, photo-curable chemical particles, in order to do better air-purging work, removing and preventing deep-seated odors from your floor.

## EZstrip Pad - EZshine - COARSE GRIT

Item No. EZSTRIP-COARSE GRIT

Application: Heavy Duty Stripping, Deep-Cleaning

### SPECIFICATION

Shape	Round / Sheet	All Shapes Available
Round Size	8" / 125mm - 31" / 787mm	All Sizes Available
Sheet Size	100" x 250mm - 100" x 500mm	All Sizes Available

# CLEAN & SHINE PAD

Looking for eco-chemical-free solution to clean, maintain or finish your PVC, UCP, Unelure Board?

Wilma Clean & Shine Pad can easily help you achieve or great glass like clarity or periodically maintenance.

**Clean & Shine Pad - Lifetime Purple 54**  
 (see also parts 710-0000000000)  
 Application: maintaining painting

## SPECIFICATION

Shape	Round / Sheet	with holes available
Round Size	6" / 150mm - 31" / 787mm	All Sizes Available
Sheet Size	508*250mm - 308*250mm	All Sizes Available

## 3 IN 1 PAD

With extremely fine super-abrasive grits, it's formulated as a cleaning, polishing or burnishing pad.

You can clean and shine the coated faces and anodized flutes very well.

When polishing with a low-speed face care machine or dry brushing with high-speed burnisher use both recommended.

### 3 in 1 Pad - (220/400-Grit) 60

Part No. 22770 (7" DIA) 22771 (5")

Applications: Cleaning, Polishing, Burnishing

#### SPECIFICATION

Type	Round / Flat	Shapes Available
Round Size	1" / 20mm - 31" / 813mm	All Sizes Available
Flat Size	50" x 50mm - 300" x 30mm	All Sizes Available

## MIRROR SHINE PAD

It improves glass about 10-20 degrees after washing. Mirror Pad 3800W, giving glass a true mirror shine finish. Meanwhile, it reduces water usage left by wash pads. It's a must-have item if you require for a supreme quality finish on glass surfaces.

**Mirror Shine Pad - (Classic-Egyptian™)**
